

Welcome to the 2021 Indo-Pacific Forum!

On behalf of the U.S. Trade and Development Agency it is my honor to welcome you to the fourth annual Indo-Pacific Business Forum. By bringing together government and business leaders from throughout the region and around the world, this Forum will advance our shared priorities of economic recovery and resilience, climate action and digital innovation.

The Forum is co-organized with the Republic of India, the U.S. Department of State and more than 10 other U.S. government agencies, in collaboration with the Confederation of Indian Industry, the Federation of Indian Chambers of Commerce and Industry, U.S. Chamber of Commerce, U.S. India Business Council, U.S. India Strategic Partnership Forum, AMCHAM India and the U.S.-ASEAN Business Council.

The Forum will offer you the opportunity to engage with leaders who will determine the strategic direction of the Indo-Pacific region. This year's event will highlight opportunities for U.S. companies and their Indo-Pacific partners to play a leading role in shaping the region's economic future.

USTDA is proud to again sponsor the Indo-Pacific Business Forum. For decades, USTDA has facilitated sustainable infrastructure and economic growth across the Indo-Pacific by funding project preparation and partnership building activities and working alongside U.S. industry to ensure the best solutions to our partners' infrastructure needs. We look forward to working with you to enhance opportunity across the region.

My best wishes for a successful Forum!

Sincerely,

A handwritten signature in blue ink, reading "Vinai Thummalapally", with a long, sweeping flourish extending to the right.

Vinai Thummalapally  
Acting Director
